No.	Member information			
3		Member Name	AMCON INC.	
		Field	Sewerage	
		Business	Manufacturing	
		Website	https://en.amcon.co.jp/	
		Contact us	volute_website_english@amcon.co.jp	
		Comments	Development, manufacturing and sales of sludge dewatering press. We have sold and deployed more than 4,000 units, mainly in Japan, for various industries such as sewage treatment plants, food factories. Headquartered in Yokohama, Kanagawa, we have manufacturing and sales offices in the Czech Republic and Fujian Province in China.	
4		Member Name	ASAHI KASEI TECHNOSYSTEM CORPORATION	
		Field	Other	
		Business	Manufacturing	
		Website	http://www.asahi-kasei.co.jp/ats/en/	
		Contact us	ats@om.asahi-kasei.co.jp	
		Comments	ASAHI KASEI TECHNOSYSTEM CORPORATION is the leading company of oil detector in Japan. Our main products are "LMD-3000" and "CSR-3005E". The former is suitable detecting oil film, the latter is suitable detecting oil layers. By providing these products, we have been contributing to protect the water environment against oil pollution.	
6		Member Name	Azbil Kimmon Co., Ltd.	
		Field	Water Supply	
		Business	Manufacturing	
		Website	https://ak.azbil.com/en/	
		Contact us	Global Sales Department https://ak.azbil.com/en/inquiry/ Tel: +81-3-5980-3735 Fax: +81-3-5980-3754	
		Comments	Azbil Kimmon has a history of over 100 years in the field of water meter manufacturing. We provide high quality water meter which can measure water correctly while considering environment and safety.	
34		Member Name	MT Aqua Polymer, Inc.	 <p>Photo. Dewatered sludge of food plant used by our polymer flocculant in Indonesia</p>
		Field	Sewerage	
		Business	Manufacturing	
		Website	http://www.mtaqua.co.jp/eng/	
		Contact us	ken.takeda@mtaqua.co.jp	
		Comments	"MT AquaPolymer, Inc." was established in 2006 and has been providing high quality and many grades of the polymer flocculants backed by precision polymer technology forged over wastewater and sludge purification. We will be able to find out and support the solutions of the water treatment for clients.	
43		Member Name	ShinMaywa Industries, Ltd.	
		Field	Water Supply & Sewerage	
		Business	Manufacturing	
		Website	http://www.shinmaywa.co.jp/pump/english/index.html	
		Contact us	sales.eisui@shinmaywa.co.jp	
		Comments	ShinMaywa develop and manufacture a comprehensive of submersible pumps, mixers, blowers, aerators and related equipment, which are indispensable to water and waste water treatment plant.

47		Member Name	Tsurumi-Seiki Co.,Ltd.	
		Field	Other	
		Business	Manufacturing	
		Website	http://www.tsk-jp.com/index.php?page=/page/index/2	
		Contact us	sales@tsk-jp.com	
		Comments	TSK has been working to provide the water quality monitoring system for more than 50th years since 1928 and contributed the environmental study. TSK products include a wide range of instruments, such as eXpendable CTD and various launchers for probes, analyzing system for probe data, Laboratory Salinometer, Wave height meter, plankton net, and Deep Argo Float for 4000m depth. TSK can also provide the total system such as data transmission systems which can be used in the tough environment.	
52		Member Name	Toshiba Infrastructure Systems & Solutions Corporation	
		Field	Water Supply & Sewerage	
		Business	Engineering	
		Website	https://www.toshiba.co.jp/sis/en/environment/index.htm	
		Contact us	https://www.toshiba.co.jp/sis/en/environment/contact.htm TEL: +81-44-331-0811 Water & Environmental Systems Overseas Sales Dept.	
		Comments	We, Toshiba, have addressed the issues of water and environment for more than 40years by supplying the systems and know-how of planning, engineering, construction and operation for the development of water infrastructure. We will contribute to the creation of environmentally advanced communities with sustainable water infrastructure in response to regional, cultural, and environmental requirements.	
62		Member Name	CTI Engineering International Co., Ltd.	
		Field	Water Supply & Sewerage	
		Business	Consulting	
		Website	https://www.ctii.co.jp/en	
		Contact us	eigyokikaku@ctii.co.jp	
		Comments	CTII has supported the growth of more than 100 countries since 1999. We provide high-quality consultancy services for survey, planning, designing, tender assistance and construction supervision of infrastructure in the various fields, including the sector of urban/community-based water supply, sewerage and drainage.	
82		Member Name	Nihon Suiko Sekkei Co., Ltd.	
		Field	Water Supply & Sewerage	
		Business	Consulting	
		Website	https://www.n-suiko.co.jp/index.html	
		Contact us	International Consulting Division Email: overseas@n-suiko.co.jp, Phone. +81-3-3534-5592	
		Comments	Since its foundation in 1968, we have continued to grow steadily for over 50 years responding to requests from central governmental entities to local utilities as a consultant who meets the demand for improving water and living environment, and has increased its reputation as a "reliable, steady and eminent company".	
84		Member Name	Nippon Koei Co., Ltd.	
		Field	Water Supply & Sewerage	
		Business	Consulting	
		Website	https://www.n-koei.co.jp/	
		Contact us	Kajiura-tk@n-koei.jp	
		Comments	Since the establishment in 1946, the Nippon Koei Group has provided domestic and international engineering consultation, power engineering and other services in a wide range of fields, including water, energy, transportation, disaster prevention and environmental management. Our goal is to improve the social infrastructure that is the foundation for people's daily lives.	

YWBA Member List

No.	Member information		
97		Member Name	Yokohama Water Co., Ltd.
		Field	Water Supply & Sewerage
		Business	Consulting
		Website	http://yokohamawater.co.jp/en/
		Contact us	toiawase@yokohamawater.co.jp
		Comments	A wholly-owned subsidiary of City of Yokohama, we provide consultancy services in regard to management of water supply and sewerage system using the fruits of technology and know-how developed during the long experience of both services of the municipal government and private company.
			
125		Member Name	GOODMAN INC.
		Field	Other
		Business	Engineering
		Website	https://www.goodman-inc.co.jp/english/goodman
		Contact us	info@goodman-inc.co.jp
		Comments	GOODMAN INC is specialized in developing Water-leakage detectors especially for resin pipes; such as H2+N2 gas generators for low pressure pipes with environmental noise, sensitive hydrogen detectors to find leakage from the ground, and patented resin pipe locators which apply induced current to water inside to be located by receiver.
			
126		Member Name	Hitachi, Ltd.
		Field	Water Supply & Sewerage
		Business	Engineering
		Website	https://www.hitachi.com/ https://www.hitachi.com/businesses/infrastructure/product_site/water_environment/
		Contact us	https://www.hitachi.com/businesses/infrastructure/product_site/water_environment/inquiry.html
		Comments	Hitachi can provide total solution of water infrastructure by manufacturing equipment, system, O&M and business operation. Hitachi has 4500 track record in 40 countries. In Malaysia, Hitachi supplied 4 sewerage treatment plants and one sludge treatment plant around Kuala Lumpur. In Vietnam, Hitachi is expanding existing Binh Hung Sewerage Treatment Plant in Ho Chi Minh City from 141,000m3/day to 469,000m3/day.
			 パンタイ下水処理場(マレーシア)
127		Member Name	Mitsubishi Kakoki Kaisha, Ltd.
		Field	Water Supply & Sewerage
		Business	Engineering
		Website	http://www.kakoki.co.jp/
		Contact us	kankyo@kakoki.co.jp
		Comments	We have 60 years' experience in constructing sewage treatment plants etc.
128		Member Name	Chiyoda Corporation
		Field	Sewerage
		Business	Engineering
		Website	https://www.chiyodacorp.com/en/
		Contact us	Integrity Management Department, Utility Water Treatment Section E-mail: nemoto.takanori@chiyodacorp.com , tel: (+81)-45-225-4896
		Comments	Chiyoda Corporation provide service of advanced wastewater treatment system and wastewater reclamation system for industrial facilities mainly.

		Comments	We are a company specialized in water leak detection. We provide three services, (1.)Water leakage detection service by experienced engineers. (2.)Provide technical training on NRW measures. (3.)Sell water leakage monitoring devices "L-sign". Please contact us if you have any problems on NRW . We would like to contribute to your NRW management.	

<What is YWBA?>

The Yokohama Water Business Association (YWBA) was established in November, 2011, aiming to utilize the Yokohama-based companies' technologies and the City's operational know-how in the field of water supply and sewerage systems for resolving issues on water environment in developing countries.

The membership had reached 175 as of the end of September, 2019.

YWBA also supports member companies in expanding their businesses overseas.

As shown below, the members has been collaborating with the City of Yokohama to push ahead with technical cooperation and joint studies.

<Past and Ongoing Projects>

- 2020-2023 Capacity Development of PDAM Tirtanadi for 24 hours Safe Water Supply(North Sumatra Province, Indonesia)
